

Thank you for your interest in donating to Fleur de Lis Camp,

When you click our donate button on the website, you may find some extra steps you have to complete. Our software company, CampMinder/ CampInTouch, has added a double verification process, as have so many companies recently. What that means is that the system now requires you set up an account to make a donation.

If you already have an account (as a parent, recent parent, recent staff member, etc), you use your existing account (email and password) to sign in and make a donation. If you do not have an account, please follow the steps below.

We apologize for the inconvenience and appreciate your patience. Following your first setup, you should be able to access your account easily in the future.

If you have questions, please email diane@fleurdeliscamp.org

Here are the steps to follow for establishing a CampInTouch account.

CampInTouch Login

Create Account and Login

To help keep your data secure, CampInTouch uses an authentication process and strong password requirements. You'll log in through a secure authentication system across all CampInTouch accounts.

Why This Matters

These updates protect your personal information—including payment methods, health details, and other sensitive data—and help prevent unauthorized access to your account.

What to Expect When You Log In for the First Time

1. From the camp's website or registration email, click the **Registration** or **Login** link. You'll be taken to the CampInTouch login page where you can log in and verify your identity.
